

JANUS

INTERNATIONAL EUROPE

SERVICE DIVISION

An installation, maintenance and repair service.

Janus Europe is the market-leading supplier of self storage and access control systems. Our priority is to provide the best possible service and highest quality products, and we know that self storage owners want to do the same for their customers. We understand how important it is for operators to get new facilities up and running as quickly as possible and to be able to deal with any repairs or maintenance issues promptly.

Our Service Division was established to provide a convenient, streamlined solution. This department comprises an expert team of self storage advisers supported by qualified Janus Europe installers operating a fully equipped Service Division.

The team can assist operators across the UK and the Republic of Ireland with:

- **Smaller installation projects**
- **Door/partition/lock replacements**
- **Annual maintenance surveys**
- **Reconfiguration/Cut and carve projects**

For further information about our Service Division, please contact us on +44 (0)20 8744 9444 or email sales@januseurope.com
